

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Miss J. Ethel Leach of White Plains, N. Y., has presented the Guilford Center library 43 volumes.

Mrs. Clarissa Taylor Stevens observed her 91st birthday anniversary by a dinner party given at Mrs. E. S. Whitten's in Essex, May 17, at which ten persons were present.

Roland Johnson, son of Mr. and Mrs. E. H. Johnson of Rutland, who was formerly a University of Vermont student, has enlisted in the English army and is now at Montreal, training for a place on a hospital corps staff.

Owing to the burning of their mill at Beldens the Vermont Marble company reopened the Corona marble mill at Brandon this week. This will give employment to some 35 or 40 men. About a dozen families will move there from Beldens.

At the annual meeting of the Green Mountain club, held in Brandon Friday, it was voted to expend \$2,500 in completing the Long Trail from the Massachusetts line to the Canadian border. Mortimer E. Proctor was elected president of the club.

The members of the Universalist parish in Brattleboro began Saturday a campaign to raise \$1,500 for a parish house, which it is proposed to erect at the rear of the church building. The sum of \$500 has already been pledged by a member of the parish.

The only accident occurring during the observance of Made-in-St. Johnsbury week was a collision between P. W. Kelly and a Ford car. Mr. Kelly was knocked down and both wheels passed over him, but his injuries were only superficial, consisting of a bruised face and arm and strained ligaments in one leg.

Mrs. John Labranche of St. Johnsbury hanged herself at the state hospital for insane at Waterbury Friday afternoon. Mrs. Labranche was 30 years old and had been an inmate a year. She loosened a cord with which her hands were bound and fastened one end to a door casing and the other about her neck. The woman had given the authorities a good deal of trouble. A year ago she eloped from the institution.

The September term of Rutland county court cost \$4,833.96, according to the reckoning of State Auditor Horace F. Graham, who completed the work last week. The session lasted 53 days. The expenditures were divided as follows: Grand jury debentures, \$201.50; petit jury, \$3,386.96; referees, special masters, commissioners, \$108.50; witnesses, \$304.34; reporters, \$467.20; county judges, \$187.04.

At Burlington's first Saturday morning movies, last week, 1,200 persons, mostly children, were present. The feature picture was the fairy story of Hans and Gretel and there was also an educational film, with story telling by Mrs. Percy Wellington Bragg of England. Several girls from the University of Vermont assisted in seating the children and a group of choruses looked after the youngsters. The management of the Majestic theatre gave the use of the theatre free for the entertainment.

A state item regarding a pure white geranium plant grown by Mrs. F. W. Tillson of Bennington has been so widely copied that requests have come from all over the country for slips from the plant. If all of them had been accommodated, Mrs. Tillson would have no white geranium left. The latest has been from an instructor in botany in the Boston public schools. Other requests came from as far as Cape Cod.

J. W. Titcomb, fish and game commissioner, wishes to call the anglers' attention to the fact that it doesn't matter as much whether a short length fish's mouth is torn when the hook is taken out as it does that dry hands are not used in taking the short trout out of the hook. He asks the fishermen to wet their hands when they catch a short one before they take it off the hook, so that when they throw the trout back in the stream they will not wipe off the coating which is always around the fish when in the water. If this is wiped off the fish will die, no matter how soon the trout is back in the water.

Giant Horse Chloroformed. Duke, the giant horse owned by Charles Miner of Brattleboro and generally believed to have been the largest well formed animal of the equine persuasion ever seen in this country, was chloroformed Friday. Two days before the horse had been stricken with what was diagnosed as a shock, and was unable to stand. The hide has been removed and will be sent to Rochester, N. Y., for mounting.

The horse was bought by Mr. Miner in Boston seven years ago and was about 11 years old this spring. A few months ago the animal contracted blood poisoning from a scratch by a rusty nail and heroic measures were used to prevent death. The horse finally recovered and Mr. Miner had arranged to have him on exhibition at Coney Island, N. Y., all summer and then to tour the South with him.

The horse was black and at the time of death weighed 3,300 pounds. He had been exhibited at many of the leading

"Well, I Should Say 'Gets-It' DOES WORK"

"Look a' There, if You Don't Think It's Just Wonderful for Corns!"

"Bless my stars, look at it! Land of the living! Why, just look at it! That corn came right off—just like peeling bananas. Put your finger on my toe, right there—don't be afraid."

"Did You Ever See the Like? No Wonder 'Gets-It' is the Biggest Selling Corn Cure in the World!"

—that's it—feel how smooth the skin is? Well, that's what the corn was. Well, that beats all! That's the way "Gets-It" works on all corns, every corn, every time. It's the new, simple way of curing corns. You'll say goodbye to all foolish contraptions like bandages, sticky tape, plaster, toe-separators, and grave-diggers such as knives, razors and scissors. "Gets-It" stops pain. Applied in two seconds. Never fails. Nothing to stick to, hurt or press on the corn.

"Gets-It" is sold everywhere. In a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Barre and recommended as the world's best corn remedy by F. G. Russell.

fairs in the East the last four years and everywhere had attracted much attention. Mr. Miner says he does not expect to live to see another horse that will be as large and finely proportioned as Duke. He says that no one has ever seen the equal of the famous Avery steers, the pair of which weighed 8,000, and no one will see again the equal of his horse.

Great care has been taken in the removal of the skin, as it is intended to have the mounted skin exhibited.

ORANGE COUNTY FARMERS' ASSOCIATION NOTES.

Notes for week ending May 20.

Two more alfalfa plots were seeded this week and dates arranged with several of others for next week. The Grimm seed has arrived so these plots will have a comparison of this and common seed. Anyone else planning to try a small plot who would like to try the Grimm seed can secure a limited amount from the county agent at cost. Summer seeding in July is recommended. Pick out your piece and get it in shape now and keep it hallowed until the middle of July.

The two rainy days last week gave me an opportunity to look over some cow test booklets which had been sent in. Two records give food for thought on the feed question. All prices have been reduced to the same standard for purposes of comparison. One herd of 12 cows averaged milk production of 7,600 pounds, fat 283 pounds, test 3.7 per cent, roughage feed cost \$37.50, grain feed cost \$34, total feed \$71.50, and profit above feed \$24.63. Another herd of nine cows averaged milk production of 5,703 pounds, fat 209 pounds, test 3.66 per cent, roughage feed \$33.00, grain \$13.20, total \$46.20, profit above feed \$24.80. This last is not an ideal record, the cows could be a lot better and the profit consequently higher, in fact these same cows if fed at certain times of the year more liberally would, I think, have done better, but the first man was feeding more than his cows could profitably stand. It requires real thought and records for a man to feed so as to hit that happy medium between too little feed and more than is profitable.

The Orange grange at its meeting Friday night appointed two committees which have an opportunity to do a big work for their community. One of these was a boys' and girls' club work committee, which will continue the work started at a previous meeting in co-operating with the schools for a school fair in the fall at which the children will exhibit their garden work, and the other a marketing committee to see what can be done in co-operative buying and selling of farm produce. With the support and assistance of the whole grange and community, these committees will be surprised at the work which can be done and the results accomplished. They cannot do it alone, they need the support of the people behind them.

Summary of the week ending May 20:
Farmers visited 23
Letters written 21
Telephone calls 8
School meetings 8
Attendance 104
Other meetings 1
Attendance 53
Miles traveled 241

EAST MONTPELIER

Rev. A. S. Phillips of Huntington, P. Q., spent the past week with her sister, Mrs. H. L. Chandler. She returned Saturday.

May boasts two new moons this year, one the 21st and the other the 31st. This is the only time when two new moons appear in a single month.

Hay is very high and scarce and judging from the numerous loads seen on the road every day many of the farmers are buying.

H. L. Chandler and Rev. A. S. Phillips were business visitors in Barre Thursday. Several white crowned sparrows have been frequent visitors upon the recently plowed gardens in this vicinity the past week. This semi-annual visitor is a very pretty bird in his jaunty soldier cap and feeds very sociably and friendly with other birds.

J. W. Butterfield, superintendent of Cabot and Marshallfield schools, was in town Friday.

Miss Maydeane Dix of North Montpelier visited at "The Birchies" on Thursday afternoon. Miss Dix is an enthusiastic equestrian and delights frequently in long rides upon her favorite horse, Dandy Dick.

Mr. and Mrs. Harry Dudley visited at Hans Fredrickson's in Plainfield Thursday.

The road makers are busy on the Barre road, trying to make it not only passable, but a pleasant way for travel in any vehicle.

The heavy downpour of rain Wednesday caused several bad washouts, but no extensive damage had been reported.

The Gallison family, which has been quarantined several weeks, owing to a case of scarlet fever, was released from quarantine Thursday, the 18th.

The V. N. G. of St. Johnsbury passed through the place Saturday on their way to the military academy in Northfield, Co. L from Newport fell into line with Co. D at East Montpelier.

RANDOLPH CENTER

Richard Day of New York is here again for the summer.

State road work will soon begin. It will be done this year on the brook road leading to North Randolph.

R. F. Tilson is gaining from a severe case of blood poison in his hands, causing the amputation of one finger.

Mrs. J. C. Hubbard and Mrs. H. D. Tracy were in Randolph recently to see Mrs. Hubbard's sister, Mrs. F. M. Bryant, at the sanatorium.

Mrs. Frank Church and son, Luther, have returned from Greenfield, Mass., where the latter underwent an operation for appendicitis.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

The undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

NAT. BANK OF COMMERCE, Toledo, Ohio.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.
Take Hall's Family Pills for constipation.

EVER HAVE IT?

If You Have, the Statement of This Barre Citizen Will Interest You

Ever have a "low-down" pain in the back?

In the "small," right over the hips?

That's the home of backache. If it's caused by weak kidneys, Use Doan's Kidney Pills.

Barre people testify to their worth. Read a case of it:

Mrs. May Bond, 58 Elm street, Barre, says: "I had sharp twinges of pain across the small of my back, which I knew were caused by weak kidneys. Doan's Kidney Pills did me good from the start, and I was soon cured of the trouble."

Price, 50c at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bond had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

HARDWICK STREET

Robert French of East Hardwick is making some needed repairs on the De-lano house.

W. S. McDowell and family of Evansville were at George King's the first of the week.

Mrs. Lena C. Fay attended the Rebekah assembly held in Burlington last week.

Mrs. Bert Russell of Swanton has been a recent guest at C. S. Russell's.

Mr. and Mrs. George Warner visited at H. A. Daniels' in Craftsbury a few days since.

C. S. Russell took a party in his auto from this place to St. Johnsbury Saturday.

Myron Salls spent Sunday at his daughter's in Wheelock.

ESTATE OF GEORGE A. WALES

State of Vermont, District of Washington, ss.
The Honorable Probate Court for the District Aforesaid:

To all persons interested in the estate of George A. Wales, late of the town of Barre, in said district, deceased, GREETING:

WHEREAS, said court has assigned the 31st day of May next for examining and allowing the account of the administratrix of the estate of said deceased and for a decree of the residue of said estate to this section; and whereas, the said administratrix has filed a true and correct copy of said account and of said decree in said district, on the day assigned, and there to contest the allowance of said account if you see cause, and to establish your right as heirs, legatees and lawful claimants to said residue.

Given under my hand, this 8th day of May, 1916.
FRANK J. MARTIN, Judge.
